Any round, most ovals or any special shape dies.
As well as any rectangular or square die with any side below 1".

If your string tag is any one of the above (as well as some special circumstances) you will incur a skewering charge of \$26.00/m.

This charge covers the manual labor that is necessary to put these kinds of tags onto skewers so that the tag holes are lined up as necessary for the stringing machines.
