Sustainably Designed Plating & Packaging

# VerTerra Product Catalog

VerTerra is a leading brand in the eco-friendly dinnerware industry. Since 2006, we have been providing sustainable alternatives to traditional disposable tableware. Our product range is made from natural, biodegradable materials, making them an ideal choice for those looking to reduce their impact on the environment. Our products not only look beautiful, but they are also practical and cost-effective, providing operational efficiency and reducing labor costs. With a commitment to sustainability, VerTerra has become the go-to choice for leaders and innovators in the industry.

## About Us

VerTerra Dinnerware has earned its reputation as the leader in sustainable dining plateware, serveware, and food packaging. Since our inception in 2006, we've been driven by a mission to revolutionize the single-use food packaging industry, replacing environmentally damaging materials with our innovative, eco-friendly alternatives.

Our entire range of products, from plates to cups, trays, boxes, utensils, and more, is crafted from 100% renewable resources like white birch wood, balsa wood tree trunks, bamboo, and sugarcane. This commitment to sustainability has not only earned us USDA Bio-Preferred and BPI-certified compostable credentials, but also the trust and loyalty of businesses in the F&B industry.

"It is with pleasure that I share the The James Beard Foundation enjoys and appreciates using VerTerra at our events, and our chefs do as well. The line of plates and bowls are the perfect sizes for your special events whether they are seated dinners or walk about receptions. They are not only beautiful, and very photogenic, but sturdy as well."

Shelley Menaged, Special Events Coordinator  
THE JAMES BEARD FOUNDATION

## Our Impact

### GLOBAL & SOCIAL RESPONSIBILITY

VerTerra's commitment extends beyond products, directly impacting global communities and the environment.

Over the span of 20 years, VerTerra has focused on employing women in its factories, fostering economic opportunities for over 10,000+ women in rural India and Indonesia.

We've successfully prevented the production of over 50 million pounds of plastic.

VerTerra champions carbon footprint reduction through zero-waste manufacturing, recycling production water, and turning plant scraps into nutrient-rich compost.

### SUSTAINABLE CERTIFICATIONS

**BPI Compostable:** The Biodegradable Products Institute Certification program is a third-party verification of ASTM standards for compostable products in North America.

**USDA:** The U.S. Department of Agriculture Certified Biobased Product assures a consumer that the product contains a USDA-verified amount of renewable biological ingredients.

## Paper Board To-Go

Made from durable paperboard with a PLA-based interior coating, these eco-friendly bento boxes are oil-, water-, and leak-resistant. True compartment separation prevents food mixing, while dual front and lid locks ensure a secure, tamper-evident seal. A built-in fold-back lid provides a clean, elevated presentation. Pat. and Pat. Pending: [www.verterra.com/pages/patent](http://www.verterra.com/pages/patent)

## Collapsible Boxes

Our sleek and modern to-go-boxes are a line of eco-friendly food containers that enhance any food service experience. The collapsible boxes have an attached “flip-back” lid which means they store completely flat and pop-open instantly saving 95% of storage space. Made from balsa wood and rice paper, these boxes are sturdy, strong, stackable, oil resistant, water resistant, lightweight and biodegradable. Available in a wide range of sizes.

Pat. and Pat. Pending: [www.verterra.com/pages/patent](http://www.verterra.com/pages/patent)

### READY IN SECONDS! SIMPLY UNFOLD TO LOCK IN PLACE

The collapsible boxes store flat and pop open in three easy steps. Step 1 - lift the lid, Step 2 - gently pull interior sides up, Step 3 - snap into place and you're done.

# Personalization

From elevating your brand with personalized logos on our products to Custom Packaging Full-Service Solutions, we provide a comprehensive suite of services designed to enhance and align with your brand identity while standing out in the market with an eco-friendly product line.

## OPTION 1. STANDARD SERVICE

Make your brand stand out with our Standard Customization Service, where we seamlessly incorporate your logo into our existing products. We ensure your branding is distinct and memorable when you add a personal touch like your logo on our Palm, Balsa, or Utensils.

### Wooden Plates

The maximum size for the logo is 7"x4" (center only), while the smallest is 1"x1" on the corner of a 6" plate. MOQ: 50k pieces

### Balsa Wood

We also offer logo placements on the top or front panels of Balsa collapsible boxes and for the Wood Trays, either on the inside or outside.

### Cutlery

Add your logo on the handle of the utensils or printed on the outside of the bag of your chosen Cutlery Kit.

### Paperboard

Add full color prints, custom text or codes printed inside or out on this versatile product.

## OPTION 2. SEMI-CUSTOM SERVICE

Our Semi-Custom Service offers the flexibility of adding branded elements to our existing products. Choose your product, send us your artwork, and we'll create a personalized piece that aligns with your brand identity.

- Adding items such as Cheese Paper, Belly Bands, Insert Pieces, and accessory kits in pre-production.
- Your products come packed with your customization and ready to use.
- The process is simple: pick an existing product, send us your artwork, we create a mock-up for approval.
- Contract agreement required.
- Estimated fulfillment timeline is approximately 60-90 days.

## OPTION 3. CUSTOM PACKAGING FULL-SERVICE SOLUTION

For those seeking a truly unique sustainable, eco-friendly packaging solution, we offer a fully customizable service. From size requirements to performance criteria, we work closely with you to create a prototype that meets your vision, ensuring a tailor-made package that stands out against the competition.

- This involves a thorough discussion about your specific size requirements, usage, volume requirements, and performance criteria.
- After understanding your vision, we present a prototype for your review.
- Upon your sign off confirmation, we move into production.
- Contract, purchase order, and partial pre-payment required.
- Estimated fulfillment timeline is approximately 90-120 days from final sample approval.

## Customer Commitment

At VerTerra, we're committed to supporting the industry in its quest for sustainable practices. We understand the critical role of affordable, environmentally friendly disposables and food packaging products. With our services and products, we aim to help you make the transition towards an eco-friendlier business model as seamless as possible.

Our promise to our customers:

**Multiple Communication Preferences:** We are readily available for consultation and support via phone, email, in-person, or virtual meetings to answer all your queries promptly.

**Customized Industry Pricing:** Understanding that every business is unique, we offer customized industry pricing tailored to your specific needs.

**Order Management:** We work with you and your team to develop programs to streamline ordering and maintain stock levels, ensuring smooth operations and optimal inventory at all times.

**Expertise:** With two decades of experience, we provide counsel on disposable solutions for F&B businesses, leveraging our deep knowledge of the industry.

**Distribution & Fulfillment:** We have two warehouse locations; Los Angeles, CA, and NJ that enable us to offer coast-to-coast shipping and fast delivery, ensuring your orders reach you in a timely manner.

**Custom Order Guides:** To assist with your specific requirements, we also offer custom order guides for your team or your customers, making ordering easy and effective for existing and new team members or customers.

At VerTerra, we're not just a service provider but a partner in your journey towards sustainability. We're here to support you every step of the way.

## Industry Concepts

### ECO-FRIENDLY PRODUCTS FIT FOR EVERY PURPOSE + INDUSTRY

VerTerra offers a versatile range of multi-purpose products designed to adapt across the food and beverage industry. From disposable plates and chef boards to space-saving collapsible boxes and serveware, each product supports a wide variety of real-world applications—making it easy to find the right solution for each service environment.

### FAST CASUAL

Our product range fits the need of many QSR and Fast Casual Concepts. Our line of fast casual items are the solution for an affordable and aesthetically pleasing customer experience. Whether your focus is organic, locally sourced, farm to table or another innovative food concept, match your plating and packaging with your food all while driving home the message of sustainability to your clients.

sku VT-TW-4.5x4.5

sku VT-TW-5.5x5.5

### SPORTS SERVICE

Our disposable products are ideal for stadiums, arenas, and racetracks. Lightweight yet durable, they're designed for fast-paced concessions and catered service. Skip the cleanup with compostable, sustainable disposables made for high-volume sports and event environments.

## CATERING

VerTerra offers a versatile, sustainable solution for catering across both on- and off-premise events. From buffets and seated service to passed appetizers, our lightweight, durable products support efficient service while helping reduce staffing needs for setup and cleanup. The modern presentation elevates the event experience while meeting sustainability expectations.

## TASTINGS

A trusted choice for food and wine tastings, our small plates are used at hundreds of major events nationwide. The most commonly used sizes—2.5", 3", 3.5", and 4"—support compostable service while helping reduce staffing needs. Designed to showcase each bite beautifully, these plates highlight both the food and the event experience.
